REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The instant claims are novel and unobvious. The novelty of the claimed process resides in the use of magnesium as a catalyst. The prior art does not teaches the use of transition metal catalyst rather than magnesium.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Priority

2. Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Taiwan on June 20, 2003. It is noted, however, that applicant has not filed a certified copy of the Taiwanese application as required by 35 U.S.C. 119(b).
